Market Bearish.

Chicago, April 18.—Wheat started easier in response to lower cables and a continuance of yesterday's liquidation. Early crop news also came bearish as several settlens reported prospects good. Trade was light and scanpers were inclined to "short the market. However, the crop killing machinery got into working order again and the bulls who already had wheat, bought more. Toward the end of the session selier calls for the day were forced to hodge by parchasing the options. Offering became light, a general stampede followed, shorts covering early sales at fair loss. July got to a premium of the over May and as there was a good peofit in carrying the latter, esecutor people bought heavily of May. May opened 16712 lower at 17553738, improved slowly during the forenoon, then became very arong and lumped up to

age. Attentic experts of wheat and alocal immunited in 178,000 bushels.

Carn started week and received little insistance from the buildainess of wheat until near the close. The feeling among corn speculators was that plowing up of wheat would mean that much added to the acreage of corn. May corn closed he higher.

Outs were steadled by light receipts and buying by shippers on account of the reduction made in rates. May outs closed a shade higher.

Provisions were heavy to begin with,

PROF. REEDE

Mis. P. C. Kittle had a very narrow escape from death yesterday afternon as a result of too much morphine, taken by mistake. Mr. and Mrs. Kittle reside at the corner of Jefferson avenue and Twenty-second street, and physicians were immediately summened as soon as her dangerous condition was discovered. Dr. Powers succeeded in counteracting the effect of the drug, and the lady was soon out of danger. It was said she misunderstood the quantity of morphie in some pills, and consequently took four times as much as she had intended. PROF. REEDE

Professor Reede is a man who has made a reputation for himself, way in advance of his years. No practitioner of occultism can equal his tests. He tells every visitor's age, full name, date of birth, or anything of their past or future, without asking a single question. His feats have surpassed the marvelous and bordered on the thriling. Love, courtship, marriage, divorce, sales, changes, employments, wills, property, speculations, patents, old estates, lawsults, seem alike to him to become plain, and the best course indicates itself, however involved the affairs might have seemed at the outset. Difficulties in love melt before his wizard touch; the most difficult problems of married life become as plain as the A, B, C. Speculation becomes certainty, and troublesome questions of business stand out as clear as crystal when once brought before his far-seeing eye. Sales are made or avoided to the profit of the client; old intricate meshes of law involving the settlement of estates long in the tortuous channel of the courts, present new and clear phases. Information relative to patents is obtained offinand without resort to musty records or hiring of an attorney for costly investigation. On each and every subject the brilliancy of a mind acute and in touch with some superior element makes liself known and its effects felt.

Professor Reede's office at 244 South State, opposite Hotel Knutsford, first Locted a Sheep Camp.

Some malicious persons have within the past day or two been committing depredations on the property of Levi B. Hammon at his sheep camp out on the sand ridge. A lot or property was destroyed, a sack of flour being carried to an old cabin and mixed with the ashes of the grate. The cook stove, a new one, was deliberately smashed to jits and a number of articles of clothing stolen or destroyed. There have been other and similar acts of vandalism in this neighborhood and some arrests are likely to follow. In the case of M. J. Skeen et al. vs. John Marriott, Judge Hart announced his decision in favor of the defendant and against the plaintiff, the verdict being no cause of action.

In the estate of Jane D. Hatch, de-ceased, Vivian Hatch has filed a peti-tion for letters of administration. At the last meeting of the Aglaia five new names were proposed for member-ship in the club.

Professor Reede's office at 244 South State, opposite Hotel Knutsford, first floor, reception-room 2, is secured with that view to privacy so frequently desired by those who are foreign to the knowledge of the wonderful results of these psychic consultations and advice. From 5 a. m. to 7:30 p. m. daily, and Sunday to 6 p. m., the professor can be consulted on all difficulties, whether in mind, body or spirit.
